EOPMG MCR President’s Annual Report

Jessica Williams, 19th May 2017

This report covers the academic year from October 2016 to May 2017. Mansfield MCR has remained dedicated to strengthening welfare resources and equality among graduate students, with officers on the committee (Welfare Officer and Equalities Representative, respectively) dedicated to improving these aspects of the graduate community. Some examples of how the MCR has continued to emphasise both welfare and equality are below:

- Twice-termly Welfare Breakfaests have been held in the MCR, providing students the opportunity to chat to fellow MCR-members in a relaxed, friendly atmosphere.
- This term, we have begun holding weekly lunches/teas at Mansfield, where students go together for lunch in the Crypt, and tea and snacks are provided in the MCR to follow.
- We conducted an equalities survey at the end of Hilary term to tailor upcoming events to ensure MCR members weren’t feeling unwelcome or excluded by any previous events. This survey also provided MCR members with an opportunity to address any concerns of discrimination, anxiety, or feeling overwhelmed.
